School Nutrition Skills Development Courses

The Department of Public Instruction School Nutrition Team (SNT) provides free annual training to keep your team informed about program requirements, help you overcome the challenges of providing healthy meals for Wisconsin students, and provide an opportunity to obtain training hours as part of the Professional Standards rule. On-going training ensures that the minimum requirements for participation in the federal child nutrition programs are understood and allows your staff to further enhance quality programs for the students. Be sure to take advantage of this valuable training opportunity!

Registration Information: To view the schedule and register, visit the SNT training web page at <http://dpi.wi.gov/school-nutrition/training#up>
